## The **PERSON** who brought **NAM COLLEGE** to its Pinnacle

P.A. Rahman was a great personality, a successful entrepreneur, a philanthropist who dedicated his life and resource for the progress of the NAM College Kallikkandy. He played a crucial role in changing the face of the College. Ever since he assumed the chairmanship, he has been actively involved in the day to day operations of the college. It was during a time of financial crisis, he took the responsibility of the college. He played a crucial role in the development of the college by providing generous financial support and advice based on his international experience. His immediate challenge was to gain the recognition of the NAAC and the college could achieve a good grade in NAAC accreditation under his chairmanship. He dreamt about the completion of the Indoor Stadium and Playground, both of which are the largest in the Kannur district. By his relentless effort a good road and an entrance to the college were realized. His vision was to make this college one of the best higher education institutions in the state and he always worked hard for the accomplishment of this vision. Apart from the chairmanship of the college governing body, several other educational institutions were owned or managed by him. He had also a leading role in the management of many well known educational institutions. Besides this, P.A. Rahman was a helping hand and touch of mercy for the deserted and needy people.
