## Principal's Pen

The year 2022-2023 is considered a year of hope and expectations. The whole world is in a race to overcome the aftermath of the Covid 19 pandemic which had a great impact in the world economically, socially and politically. Covid posed a great challenge to everyone especially in the academic sphere. Students as well as teachers faced a lot of difficulties coping with the new method of teaching. Even socialization and interaction became difficult. Braving all these challenges the college has shown remarkable progress in both academic and non-academic activities. We were able to conduct many programmes which were not possible in the previous year. Some of the programmes initiated by different departments were extremely beneficial to the students and the local population. The college promoted and encouraged students in both academic and non-academic activities by providing all facilities whether it be in the field of arts, sports, social service or any other arena. As the visit from NAAC is also scheduled for the current year the departments and college are confident about the progressive result. I hope this year continues to be one of immense fruitfulness and progress. I am confident that our college will excel in all areas and our students will blaze the name of NAM on the horizon of Kannur University with their achievements and endeavours.

## National Science Day Celebration

In association with IIC & IQAC, the Department of Polymer Chemistry & Science club observed National Science Day on 28-02-22, Monday. **Smt Anusree K** welcomed the gathering and spoke about the importance of the day in connection with the commemoration of the discovery of Raman effect by Dr.C.V Raman, the Physics Nobel laureate of India. **Dr.KK.Muhammed Kutty** inaugurated the programme.
