MEMORANUM OF UNDERSTANDING

between

NAM COLLEGE KALLIKKANDY

&

NIRMALAGIRI COLLEGE, KOOOTHAPARAMBA

The Department of English, NAM College Kallikkandy, signed an MoU with the Department of English, Nirmalagiri College, Koothuparamba on January 6, 2022. The purpose of this MOU is to build friendship and goodwill and foster a relationship that will promote mutual intellectual exchanges between students and faculty members of the departments of English of the two colleges. The focus is to develop academic and educational cooperation and establish a collection of collaborative programmes between the two colleges based on mutual interest for a range of higher educational activities. The two departments agreed to the following collaborative activities:

- a. Exchange of faculty members and students.
- b. The conduct of joint research projects and publications.
- c. Collaboration in the area of education and continuing education including curriculum development and co-curricular activities.
- d. Conduct of and participation in seminars, conferences, symposiums, workshops and faculty training programmes.
- e. Exchange of information, teaching materials.
- f. Providing opportunities for professors and researchers to give lectures and utilisation of the skills and services of the academic faculty of both institutions in the process of continuous internal evaluation such as the preparation of internal examination question papers, teaching materials and evaluation of seminars and assignments.
- g. Other academic exchanges such as skill development, to which both the institutions may agree.

With these objectives in mind, several activities were conducted this year in keeping with the terms of the memorandum.

1. **Study material for two courses** in the 3rd and 5th semester were prepared by Nasrullah Mambrol, Assistant Professor, Department of English, NAM College. The teaching material was prepared for 2 courses - 3B03ENG Old and Medieval English literature (third semester) and 5B08ENG Late Twentieth and Twenty First Centuries (fifth semester).
2. The colleges also prepared **Model Examination question papers** for each other.
3. **Project Valuation**- The two departments also valued the projects prepared by students of the other college. The project was based on the syllabus of the second semester paper 2A02ENG

PRINCIPAL
N.A.M. COLLEGE, KALLIKKANDY

Methodology of Humanities and Academic Writing. Based on the theoretical study of Project Writing, the students were asked to do a mini project, in groups of eight based on their study of the paper. They were divided into groups of eight and each group chose a topic for study, The project had to have a minimum of 15 pages . The prepared projects were then valued by the English teachers of the other college. Separate marklists were prepared by the colleges after evaluation and these reports included the grade and general r . The purpose of this exercise was to equip the students with the knowledge and practice which would enable them to to successfully handle the project in the sixth semester.

Students have got hands on experience in the project work regarding the polymer composite thin film preparation. Mr. Ragesh K and Sr. Teena Joseph, explained various instrument used in the preparation and analysis of the polymer composite thin film. Different instruments including the TG Instrument, Millipore water, P^H meter, Photo-degradation chamber, magnetic stirrer, air oven, FTIR and UV instruments etc. were shown to the students and their use and applications were also described.

Outcome of the visit

- The students have got idea in the project work of composite thin film preparation and the lab visit created research aptitude among them.
- Hands on experience in various characterization techniques like TG, XRD, centrifuging machine and UV-Visible instruments.

Collaborative Work In Project Study 2020- 21.

As part of the 'collaborative work in project study' in the academic year 2020-21, the students from the Dept. Polymer Chemistry, N A M College Kallikkandy, visited at Research Lab in the Dept. of Chemistry of Nirmalagiri College, Kuthuparamba. The lab visit and project works were carried on 28-03-2021 to 30-03-2021. Fifteen students of 6th Sem Polymer Chemistry were engaged in the three days programme. Muhammad Ismayil K M, Asst. Professor, Dept. Polymer Chemistry was accompanied the students.

Students are engaging in instrumentation familiarisation at Nirmalagiri College, Kuthuparamba, as part of collaborative work in project study 2020- 21.

Research Methodology Seminar

Date: 13-01-2023 Friday

Venue: seminar hall

One day Research Methodology Seminar was conducted on 13-01-2023, Friday at seminar hall. Dr. Jithesh kavil, Asst. Prof., S N College, Kannur, was the resource person. The title of the seminar was '**Scope & Objectives of Nanomaterial Research for Energy and Environmental Remediation**'. He also inaugurated Polymer chemistry association 2022-23. He spoke well regarding the research opportunities in the field of nano material research and environmental remediation like photocatalytic activities, antibacterial properties, renewable energy materials etc.. Students were enthusiastic in his talk and they highly motivated and asked questions and doubts regarding their research career in future. The resource person showed and explained some research papers that he published in international journals during his research work.

Dept. HOD, Dr. Muhammad Ismayil K M, presided over the function. The Principal Dr. Majeesh T made the introductory speech, Mrs. Anusree K, Mrs. Shabina K K and Mr. Namshad K P were also spoke at the event. The seminar was conducted as part of the MoU signed on 08-12-2021 between Dept. of Polymer Chemistry, N A M College Kallikkandy and Post Graduate and Research Department of Chemistry, S N College, Kannur. The objectives of MoU are Collaborative Work in Research Methodology, Students Project Study and Continuous Internal Evaluation (CIE)

Project work and discussion

The final year students of the B Sc. Polymer Chemistry started their project work with the introduction and descriptions got from the Resource Person, Dr. Jithesh Kavil, Asst. Prof., Sree Narayana College, Kannur.

He discussed the use of magnetic stirrer for stirring and homogenous mixing of material for the preparation of composites and films. He advised students that care should be taken while operating the magnetic stirrer, as far as its temperature and rotation speed is concerned. He also explained the use of thin film applicators and glass plate for preparing polymer thin films. Students could clear their doubts and were eager to do their project work soon.
