Hands-On Workshop on Computer Networking
11 February 2025

The Department of Computer Science, NAM College Kallikkandy, successfully conducted a one-day hands-on workshop on *Computer Networking* on 11th February 2025. The event was designed to provide students with practical knowledge and exposure to the fundamentals of networking and digital electronics.

The workshop was inaugurated by **Dr. Shameer A P, Associate Professor and Head of the Department. Sri. Muhammed Shafi P, Assistant Professor**, presided over the function, highlighting the significance of networking skills in the current technological landscape. **Dr. Haseeb V V, Assistant Professor**, provided a brief introduction to the objectives and scope of the workshop. **Dr. Minimol V K, Assistant Professor**, welcomed the gathering and emphasized the importance of practical learning in computer science.

The hands-on session was led by **Sri. Sudheer Kumar, Master Trainer and MD of REC Technologies, Calicut**, who provided in-depth training on digital electronics and computer networking. His expert guidance enabled students to understand key networking concepts through practical demonstrations and real-world applications.

Students actively participated in the session, engaging in discussions and practical exercises. The interactive nature of the workshop helped them gain hands-on experience in configuring networks, troubleshooting issues, and understanding digital communication principles.

The workshop concluded with a feedback session, where students expressed their appreciation for the learning experience and requested more such sessions in the future. The event was a resounding success, enhancing students' technical skills and preparing them for future challenges in the field of computer networking.
